

Silver Wedding Anniversary

Mr. and Mrs. Kazan

Elba Community Hall in Drayton Valley was the scene for the celebration of the silver wedding anniversary of Mr. and Mrs. Basil Kazan, who were married in Anderson, Alberta 25 years ago.

They have resided in Drayton Valley for twelve years. Mrs. Kazan was born in Poland, and Mr. Kazan was born in Canada, both are Ukrainians. There are four girls and one boy in the family, the two eldest girls, Gladys and Marie, are both married. Patricia and Marie and the boy, Zenor. The surprise affair was put on by Patricia, assisted by Marie.

The couple were genuinely surprised. Patricia had arranged to make the event a surprise for her parents, and Roydon Urchynson was taken into the plan and he was able to get the couple to come to the hall, where they were quite surprised to see a group of friends gathered and to find the hall very tastefully decorated.

MOBILE HOME LICENSE DEADLINE

Secretary-treasurer for the Town of Lodgepole, Lou Brodeur announced that since the deadline on applications for Mobile Home Licenses in the Lodgepole area has long since passed, all owners of Mobile homes are warned that if they wait until the Inspector comes on they will pay a stiff fine.

TO THE GRADUATES OF '59

By Charlotte Kay

Don't say you CAN'T until you can prove you can't! This advice was given by a prominent head leader many years ago. It should be placed in front of every desiring table and shaving mirror, as a challenge to each new day. How many times are we faced with discouraging failures and are tempted to say "I can't." Yet if we can but muster that last ounce of strength, make one more try, one more fresh start, our failure becomes success.

If beating and best had listened who when people said, "You can't", it would not be possible for diabetics to live normal lives. Or if Dr. Jonas Salk had given up the first time the vaccine was not all he expected, the dreaded polio would still be rampant.

Canada is a young country, a land of opportunities. Graduate of '59 accept the challenge of the future; put forth every effort to attain your ambition and don't say you CAN'T until you can PROVE you can't.

NEWS NOTES.

Gladys and Bernice von Tottenborn returned recently from a vacation trip which took them to Fairbanks, Alaska, Dawson City and the Klondike country. Bernice reports that conditions are very bad on the highway.

Four unattached D.V. Males returned recently from an extended trip, part of which took them through Montana. The four: Don Crichon, Bill Bromley, Al Balkowski and Mary Jones. To Vancouver and return was the itinerary. The boys claim that their trip though had nothing to do with the lamentable earthquakes which have taken place in Montana.

Public Notice

Notice is hereby given that the Council of the Town of Drayton Valley proposes to pass a By-Law No. 183 of the said Town being a By-Law to amend By-Law No. 91 being the Zoning By-Law of the said Town.

That By-Law No. 183 authorizes the Council of the Town of Drayton Valley to amend By-Law No. 91 as follows:

1. Lots 25 and 26 in Block 1 Plan 239 KS be changed from Low Density Commercial to Town Classification.
2. That that portion of the SW of Sec. 16 Twp. 49 Rgs. 7 West of the 5th meridian lying to the North of Block 10 in Plan 170 KS in Drayton Valley and tentatively proposed for sub-division as Residential Lots be changed from Agricultural classification to Low Density Residential Class "A".

A copy of the said By-Law and the Map of the proposed area may be examined at the Town Office during regular business hours.

A Public Meeting will be held in the Town Office at 10.00 A.M. on the 5th day of October for the Council to consider any objections, complaints or recommendations pertaining to this amendment.

THE TOWN OF DRAYTON VALLEY
W.G. Johnson,
Secy-Treasurer.

JACK AND JILL KINDERGARTEN resumes Sept. 1st for the 4th consecutive year in Drayton Valley. The teacher has had three years kindergarten experience in this community.

This kindergarten is a member of the Calgary Kindergarten Association and uses the curriculum set forth by the Alberta Dept. of Education. Along with our usual daily music classes at the piano there will be a rhythm band this year. Large well equipped classroom. Outdoor play equipment for outdoor activities. Limited enrollment. For further information phone Mrs. Bradford 280.

Town Manager's Report

Dear Ratepayers:

I have just returned from Edmonton where I attended the first part of the Board of Public Utility Hearing into the setting of the Gas Rate Increases as proposed by Northwestern Utilities. These increases were submitted earlier in the year by a Board of Public Utility Order which was issued after the hearing of the first phase of the Gas Rate Inquiry. That order authorized the company a general increase to recover their costs and to earn 1 1/2% on their investment.

At this point the second phase hearing necessary, which involved the setting of a new rate to bring the earnings of the company into line with that allowed by the Board Order and to change the system of billing from M. C. P. to Thermal.

300 Therms = 20 M.C.P. of 968 B.T.U. Natural Gas

The following is a comparison for a two bedroom home for the locality indicated as set up in the proposed rate schedule. (cont. below)

	10¢ PER COPY
PEMBINA NEWS ADVERTISER	

Vol. 4 No. 34 August 27, 1959 A. Playford, Publisher Box 120, Drayton Valley.

	Schedule	Old	New	Per M.	% Increase	Old Rate Above Edmonton	New Rate Above Edmonton
Edmonton	3/240	35	30/800	3.54	0.13	30.3	13.1
Vergoville	3/250	35	30/800	3.54	1.10	14.15	29
Drayton Valley	2/250	48	30/300	3.54	.65	7.5	44.3
Edson	2/250	80	30/250	5.76	—	80.1	38.6
Stoney Plain	2/250	85	30/200	5.54	2.35	36.9	71.5
Hinton	2/300	75	30/200	5.04	1.15	8.0	136.1

The Main reason for the increase in Local Rates is the increase in the cost of Gas and that the company was a bit optimistic in setting the rate when service was commenced. You will recall that when the Franchise was voted on it quoted a Rate of 50¢ per M.C.P., that price was reduced to 45¢ before service was commenced. The Rate is now being increased by approximately 7.5 per cent on the average.

You Mayor and myself had quite a lengthy meeting with the senior officials of Northwestern Utilities, at that time we pointed out the growth our Town is experiencing this year and how it was affecting the population density. They agreed with us that our picture was changing each month and they assured us that although the new rate was only producing 98% of the permitted revenue, that this should change and that the company will review the situation early in 1960, and if the rate of return at that time warrants they will make an adjustment.

I realize that any rise in living costs are disappointing to us all and I hope you will accept the assurance of your Council and myself that we are doing our utmost to make your Town a better place to live.

Should that be any question that you would like answered at anytime regarding this or any other Town Business, please do not hesitate to come into the office or phone us at 10. That is the only way we can serve you best.

T. B. Cummings,
Town Manager.

Unitization Effective September 1st

"HEALTH PLAN" FOR PEMBINA FIELD WILL UP PRODUCTION, PROLONG LIFE.

By: Ron Kennedy.

A new health plan for the Pembina oilfield, to go into effect September 1, is expected to extend the life of Canada's largest oilfield from the year 1950 to about the year 2000.

The alkali to be administered to the field is to be a mixture of propane and butane (commonly called LPG's) and dry natural gas. The propane and butane will be mixed in about 50-50 quantities.

Besides extending the life span of the field, the program as a miscible flooding will mean that instead of only 40% of the oil in the field ever being produced, 70% will now be recovered.

The operator of the project, describes the comparison between water flooding and miscible flooding as the "Model T to the Cadillac".

The LPG's are first injected into the field and they form a large rim, similar to the doughnut, around the limits of the formation. The dry natural gas is then injected. The two work together much like a household detergent, in getting all the oil out of the formation.

GAS FIELD. When the field finally expires, it will be left with a large reservoir of natural gas, which can be (continued next column)

Lion Presidents Change

LION PAST PRESIDENT (for the 1958-59 term) DUNC. LABELLE-TRIER HANDS THE PRESIDENT'S GAVEL OVER TO LION PRESIDENT DON-MCKENZIE (1959-60 term).

The picture was taken before the Borden and Bearded Lions were much in evidence, as may be seen by Lion Chalk Dism in the rear. Bringing up the rear, also, is Lion Carmas Fairman.

Sports

By: Gene Baley.

The oil will absorb about 60% of the LPG's and the gas 40%. The LPG's do not have to be removed from the oil as they actually improve its quality.

The Pembina field will always produce enough natural gas for the project, but in about a year's time, the LPG's will have to be purchased from neighboring fields such as Bonnie Glen and perhaps Innisfail.

Laboratory studies of the project began several years ago, and a pilot plant was later built in the field. About \$600,000 was spent between December, 1957, and October, 1958 in preparing for the scheme.

The miscible flooding program was made possible by the recent voluntary unitization of part of the Pembina field. Unitization means that all those with interest in the field share in expenses and returns, proportional to their holdings, under one common operator.

About 90% of the 22 companies operating in the unit area will be participating in the unitization with Mobil Oil as operator.

There are 553 oil wells in the North Pembina Cardium Unit #1, of which Mobil Oil owns about a third.

The same operators participate in a gas processing plant in the field, which will produce the natural gas and some of the LPG's needed for the miscible flooding.

Under present production allowances Pembina is producing about 85,000 barrels of oil daily, or more than double the next largest producing field.

There are 29 working interest owners in the unit. In order of interest they are: Mobil, Standard, Pacific, Honolulu, Ohio, Cal Standard, Hones, United, Amiteco, Foothills, Trans Border, Bayval, Climax, Coppermine, San, Phillips, Lobson, Lucas, Dome, West Can, French Petroleum, Hudson's Bay, Winthall, Westburne, Amark, Murphy, Ashland and Union.

This week the sports picture in Drayton Valley featured two play off series. One series saw the Mobil Oil Pony League entry win the series against the MacCalder entry (known as Drayton Valley). The other series was in the Farshaw League.

The Pony League played their first game on Sunday. The final score was 19-4 in favor of Mobil Oil in a game which included enthusiasm on all sides. At times it appeared as if the MacCalder boys just didn't care.

The second game, played Tuesday, was a complete reversal. The final score was 14-4 in favor of Mobil Oil in a game which included enthusiasm on all sides. At times it appeared as if the MacCalder boys just didn't care.

On the farshaw scene, the final series will have already started by the time this article is published, but we urge all readers and anyone else interested in an hour and a half of good entertainment to turn out on Monday, Aug. 31 to see the second game of the best-of-five series final.

In one end of the series, last week, Pan Am. and Supply managed to squeeze in 2 games between the rains. Pan Am. knocked over their opponents in 2 straight games. The series was highlighted by the superb fielding of the Pan Am. team. One spectator was overheard to say that "Pan Am is playing a way over their head," nevertheless, they did field the ball very well. In summation the series was essentially between a fine pitcher, Ralph Burford, and a superb fielding team.

In the other series, Collard took advantage of the absence of MacCalder's pitcher, Hudson's Bay, to come up with a 15-4 win over them in the first game.

Grade Nine Grade

All grade nine out of the 50 in the class in the Drayton Valley High School passed their examinations, some with honors. That figure of passes is said to be much above the provincial average. The average is about 10% of failures, and the Drayton Valley group passed with only 4% average of failures.

Teachers for Grade nine last year were Mrs. Glas and her son, Mr. Billy Glas. Neither will be teaching in Drayton Valley this year, however, as Mrs. Glas has retired and Billy is attending University this year. After 14 years of teaching Mrs. Glas is looking forward to a rest.

Following is the list of those who passed their Grade 9 examination in the Drayton Valley School:

Robert Andersen, Pat Armstrong, Gary Ball, Vernon Bartlett, Billy Bitts, Brian Brennan, Gailene

Brown, Sheila Campbell, Beverly Cartwright, Terry Clelland, Ruffin Connor, Owen Davidson, Michael Davis, Sylvia Dion, May Ducker, Kathleen Dunnington, Loren East, Bill Featherstone, Keith Fahr, Jim Haggerty, Iris Heron, Alvie Hope, Nigel Kay, Joanne Kraenbuch, Evelyn Kynock, Frank Kynock, Kenneth Landelski, Edna Lock, Ingrid Mackenzie, Barney Magee, Judy McDonald, Cheryl McQuig, Wallace Mohr, Pauline Renaud, Judy Rowles, Joan Scullin, Jane Schoon, Teddy Sieben, Tommy Strandquist, Dick Torgerson, Andrew Trimble, Gordon Tucker, Janice Williamson, Louise Wilson, Gloria Wood, and Sharon Wood.

CONGRATULATIONS TO ALL FROM THE GR. IX TEACHERS!!

NEWS NOTES FROM DRAYTON VALLEY
Visitors at the home of Mr. and Mrs. Zolmer were Mr. and Mrs. Jim Whelan and family of Wainwright. Mrs. Whelan is a niece of the Zolmers. They also visited with Mr. Whelan's brother Lynne Whelan and his wife of Wainwright. Lynne is employed here by McCutcheon Tool and his wife works in the office of Mott's Oil.

Mr. and Mrs. Jim Whelan were accompanied by Mr. Zolmer's brother Bill and his wife of Wainwright.

Helen's Flower Shop.

PHONE 144

For that "NEW BABY" event we make up "Baby Booties" arrangements.

Cut flowers, commercial mums, gladioli, carnations, sweetheart roses, and assorted flower arrangements.

Bridal bouquets, Corsages and Funeral wreaths are made to order.

Any, legs and roses are there for the poor couple are here.

Always we now know that the Queen was wearing white gloves and she also wore shoes! Avis Hinkle is certainly looking down her nose at the rest of us! Her orders turned out quite well, and she actually was able to get some good pictures including the five feet of film that the took of the large photograph of the monarch, in the window. Ken has dozens of shots of the waiting throne and some of the preliminary process which will always remind us that we really did go to see Royalty.

From now on we will certainly be devoted fans of press photography. We have a great understanding of their problem!

There is a constant procession of people moving in and out of Drayton Valley due mostly to transients. Recently Helen and Bill Hinkle with their attractive daughter Heather, left us for Standard, Alta.

To part with nice folk like the Bill Harris family is a real loss but we wish them well and we must say that our loss is Standard's gain. Bill Hinkle, Pan American

Supt. and his wife Avis are packing to leave us too. They are being transferred to New York, of all places! They have been expecting a transfer back to the States for sometime, but being from Oklahoma, it never occurred to them that New York was considered part of the U.S.A. South-east do not hold the "Yankee" idea with too much high regard and that expresses it rather mildly. Anyway I think the Hinkles plan to reside in Connecticut and Bill will have a 40 minute "choo choo" ride to get to his New York office.

That, my friends, is called suburban living: 60 minutes of each work day spent on a train. It is true that no one but a real New Yorker likes New York but if any one is able to accept that "furn land" and do it gracefully, Avis and Bill are the ones. We wish them luck and will be looking forward to hearing from them now and then about this new venture. Another nice couple, Grace and Hector begin are leaving our midst. They have not been with us too long but they have been so very friendly we hate to see them go. Hector has been the accom-

panied here by McCutcheon Tool and his wife works in the office of Mott's Oil.

Food for thought By: Danita Bolling.

Before I forget it I must tell you the outcome of our attempts to get pictures of Queen Elizabeth and Prince Philip. In spite of all our efforts and tribulations we ended up with some fairly decent shots. No one was more surprised than I was to discover he has an excellent 35 mm. colored slide of His Majesty and the Prince who shows that sleek, long, black hair, in which they were riding, to a great advantage. The fact that it is not possible to see the Queen's face is beside the point. She is here because it is possible to see her hat and that is more than we expected, and the picture is perfect of Prince Philip. Shirley's movies ran to form. How she did it, we will never know, but she must have been practically inside the car with her camera tilted downward as she has a close up shot of the car interior which shows the Royal Couple complete except for their heads!! Arms, legs and torso are there in the poor couple are here.

Always we now know that the Queen was wearing white gloves and she also wore shoes! Avis Hinkle is certainly looking down her nose at the rest of us! Her orders turned out quite well, and she actually was able to get some good pictures including the five feet of film that the took of the large photograph of the monarch, in the window. Ken has dozens of shots of the waiting throne and some of the preliminary process which will always remind us that we really did go to see Royalty.

From now on we will certainly be devoted fans of press photography. We have a great understanding of their problem!

It is true that no one but a real New Yorker likes New York but if any one is able to accept that "furn land" and do it gracefully, Avis and Bill are the ones. We wish them luck and will be looking forward to hearing from them now and then about this new venture. Another nice couple, Grace and Hector begin are leaving our midst. They have not been with us too long but they have been so very friendly we hate to see them go. Hector has been the accom-

panied here by McCutcheon Tool and his wife works in the office of Mott's Oil.

SALAD WEEK

It seems that everything is as usual a week or month for itself. We have had March, Safety Week and now a Salad Week.

July 23 to 31st. This column may not appear in your paper during the actual week, but salad is a summer long activity.

During the hot weather a whole meal salad may solve the menu problem for lagging appetites and save rather some hot weeks of the stove.

Here is a salad recipe that would be ideal for Sunday at a company dinner. Salmon Chiffon is a whole meal salad for six people.

Soften 2 eggs of gelatin in a quart of cold milk. Then in the top of a double boiler, beat two eggs with salt and stir in half a teaspoon of oil.

When a friend puts his hand to the bell there!

Dessert recipes always seem to be among the most popular. Perhaps it is because we girls can shine forth with a glamorous pie or cake and the chef and she are so fit for entering to hear. Try this one and see if it causes a smattering of compliments from those lucky enough to get a piece of it.

Chocolate Cake with Cream Filling.

I'll not give you the actual cake recipe as I've discovered that a good prepared cake mix serves just as well and is certainly faster. Use one of the mixes for chocolate layers - either plain chocolate, chocolate malt or chocolate fudge. I have even used the devil food cake mix with success. The secret is the custard filling for 3 eight inch layers of 2 inch amount between 5 nine layers.

To make the custard filling, beat 4 eggs yolk, add 1/2 cup sugar and 1 cup of cream. Cook in a double boiler and stir constantly until thick and will stand in peaks. Remove from fire and add 1 cup chopped walnuts and 1 cup of vanilla. This can be put between layers while cake is still warm. After cake and filling cooled, from the outside with the following frosting: 2 tablespoons rich cream, 4 tablespoons sweetened chocolate and 1/8 of a lb. butter. Melt the mixture over low heat and blend. Add 1 cup of icing sugar and spread on the cake.

Loving words will cut us little as long as the life we go: Let us then make others happy. If you love them, tell them so.

Margaret Deland.

TO THE LITTLE LADY:

Man wants little here below, He's not hard to please. But woman, bless her little heart, Wants everything she sees.

Public Notice

Notice is hereby given that the Council of the Town of Drayton Valley proposes to pass a By-Law No. 188 of the said Town being a By-Law to amend By-Law No. 91 being the Zoning By-Law of the said Town.

That By-Law No. 188 authorize the Council of the Town of Drayton Valley to amend By-Law No. 91 as follows:

1. Lots 55 and 56 in Block 1 Plan 239 KS be changed from Low Density Commercial to Tourist Classification.
2. That that portion of the SW of Sec. 18 Twp. 49 Rgr. 7 West of the 5th meridian lying to the North of Block 19 in Plan 170 KS in Drayton Valley and immediately adjacent to the said Town.

posed for sub-division as Residential Lots be changed from Agricultural classification to Low Density Residential Class "A".

A copy of the said By-Law and the Map of the proposed area may be examined at the Town Office during regular business hours.

A Public Meeting will be held in the Town Office at 10.00 A.M. on the 6th day of October for the Council to consider any objections, complaints or recommendations pertaining to this amendment.

THE TOWN OF DRAYTON VALLEY
W.G. Johansson,
Secy-Treasurer.

Several trophies and consolation prizes were brought home by the local boys. Alex Balash took first in the first flight, Eric Mantal took 1st in third flight, Ted Will took 1st in 4th flight. In the 3rd flight Woods took consolation, 40 names from various towns were entered in the tournament. Milt McLendon qualified with 45 for the championship flight.

"YOU CAN'T ESCAPE THE RESPONSIBILITY OF TOMORROW BY EVADING IT TODAY"

(Charles's Head Sales)

Research scientists now agree any sickness, that is not soon overcome, can ravage your body, so that your life may be shortened. Therefore, if you evade your responsibility, of immediately taking good care of yourself when sick, you may not escape the penalty of future bad health.

It is easier to overcome any sickness or disease if the cause is quickly diagnosed and the proper treatment prescribed. Be wise. Always consult your physician at the very beginning and take the medicines he will prescribe so that you will get well more quickly.

LETTERS TO THE EDITOR:
Drayton Valley,
Alberta.

Dear Sir:

We are fortunate in having such a nice hospital in Drayton Valley to go to when ill.

However, quite often we don't learn of someone's illness until they are out and home again.

Would it therefore be possible for you to print the names of the patients admitted each week so their friends can visit them?

I'm sure this service would be appreciated by many.

Yours truly,
(name on file)

Vol. 4 No. 30 September 3, 1959 A. Playford, Publisher Box 120, Drayton Valley, Alta.

School Opens With Large Enrollment

In the picture above is seen the staff of the Drayton Valley Junior and Senior High Schools. Front row, left to right: Mrs. Beattie, Miss Kirkpatrick, Miss Holmes, Mrs. Moore. Second row, left to right: Mr. Murray, Mr. Brown, Mr. Blonke, Mr. Zymbalik. Back row, left to right: Dr. V. Kupchenko, School Principal Mr. T. McManus and Mr. O. Kupchenko.

The staff of the Elementary School comprises some 20 teacher and Principal Mr. John Gray, Vice Principal Mr. Kenneth McKay and School Secretary, Mrs. Gray. Mr. and Mrs. Hopple are school janitors again this year. Enrollment for the Elementary school is about 600, with over 300 enrollment for the High schools. It is expected that before the term ends enrollment in the Drayton Valley school will exceed 1,000 pupils.

In the lower right hand picture is shown the staff of the Elementary School. They are: left to right (front row): Mrs. A. Kupchenko, grade 2; Mrs. E. Levinish, grade 4; Miss B. Ringby, grade 1; Mrs. E. Koehnerich, grade 4; Miss J. Lemieux, grade 5; Miss R. Nowoud; Second row, left to right: Miss V. Kos, grade 6; Mrs. L. Now, grade 6; Mrs. S. Eastley, grade 1; Miss B. Gittens, grade 1; Miss I. Nowoud, grade 3; Miss J. Williams, grade 2; Miss P. Vandermark, grade 2; Mrs. Irene Hopple, janitress. Back row, left to right: Mr. F. Hopple, janitor; Mrs. M. Twissell, grade 1; Mrs. Gray, school secretary; Mrs. V. Martin, grade 4; Mrs. J. Greshchuk, Mr. J. B. Gray, School Principal; Mrs. V. Beauregard, grade 5; Mrs. L. Mayhew, grade 3; and Mr. K. McKay, grade 5 and vice principal.

Principal McManus would like to hear from any former high school teacher with the proper qualifications who would be interested in either part time or full time teaching position on the staff.

BUILDING PERMITS SHOW GROWTH

Drayton Valley's building record continued to climb as permits were taken for some \$363,000. In building permits since the last listing, to bring the total for 1959 to the sum of \$1,157,350.

District Personalities

Theodore H. Brooks M.D.
Drayton Valley Physician

Born in Wolverhampton, England, the son of Dr. J. P. Brooks and the grandson of John Churchill, the well known Medical Publisher, London, attended school at Bedford and trained at The London Hospital & London University. After qualifying he held the following appointments: House Physician & Surgeon, Midsay Hospital, London. House Surgeon Obstetrical, Dept. Addenbrooke's Hospital, House Physician, The Eveling Chest Hospital. As a holiday he accepted the appointment as Surgeon to The Royal National Mission to Deep Sea Fishermen and spent some weeks among the fishing fleets in the North Sea.

While practising in Yellowknife early in 1954, Mobil Oil of Canada asked if he would come to Drayton Valley as there was no medical help in this new Oilfield, they had discovered, and the company was seriously concerned with the seriousness of the accidents, etc., on the rigs. Dr. Brooks had the grueling task of attending, through every type of weather, roads and no roads, serious casualties, using his own Station wagon as an Ambulance (until the Drayton Valley Ambulance came a year later) which on occasions had to be pulled through with a "cat", giving treatment en route to Edmonton on many occasions he flew out with the injured.

In 1954, Dr. Brooks was appointed Coroner to this large area and in 1955 Medical Officer to Mobil Oil of Canada and other companies. Dr. Brooks' speciality is Anaesthesia and he recently attended Post-Graduate Courses at Vancouver and Saskatoon.
